

Quick Installation Guide for Lens UPGRADE PACK (Model: IN-3005)

Constituent parts of Delivery:

1x Lens (IN-3005); Quick Installation Guide (pdf download)

INSTAR Deutschland GmbH hereby ensures that you will not lose your warranty by installing this additional lens.
Any damages caused by the user by faulty installation are excluded of the warranty.

Step 1: CAREFULLY remove the chrome ring using a flat and blunt tool.

Step 2: Remove the lens's plastic protection.

Step 3: Carefully unscrew the lens from the mount and exchange it with the new lens. Mount it onto the CMOS sensor by turning it 4 times to the right.

Step 4: Connect the camera to the power supply and connect it with the network. Now open the webinterface and turn the lens until you can see a clear and sharp picture.

Step 5: Reapply the plastic protection and the chrome ring.

YOUR INSTAR TEAM WISHES
YOU THE BEST WITH YOUR
NEW LENSE!

The lens exchange with the old model IN-3005 is carried out analogue.
